HERE'S WHAT COACHES ARE SAYING ABOUT

## MASTERING COMPETITIVE DEBATE

by  
Dana Hensley & Diana Prentice

\*The book is the easiest book to follow I have seen. Most books are meant for the advanced debater only; this is good for all debaters.

\*Mastering Competitive Debate fulfills a need that has existed for years--a useable textbook for high school debaters. Well founded in theory--but understandable for novice debaters and novice coaches.

\*It is the best I have found--well structured!

\*This is by far the best debate handbook I have seen or used for novice debaters, and believe me I've been through many in the past 15 years.

\*...it presents debate in a manner and on a level suitable to ninth and tenth graders (novices). No other secondary level debate text really does that.

## Deep South Committee

Future local tournament committees will be hard pressed to surpass the performance demonstrated by the Deep South NFL Committee. The many hours of planning was evident from our arrival to our departure. Mr. Stan Erwin, Grissom High School, general chairman did a superb job.

Patricia Bailey, Billy Tate and Kenny Barfield did a tremendous amount of work on the Deep South Steering Committee. Mr. Tate organized every detail of the Planters Ball which was enjoyed by all in attendance. Mr. Barfield was responsible for the most outstanding tournament book of testimonials from the President, Congressmen, Governors and other distinguished people who spoke of what speech education and particularly NFL had meant in their life. Miss Bailey, district chairwoman of the Deep South Committee, was responsible for the opening assembly which was magnificent.

## From the Executive Secretary

We begin this new school year with 517,374 NFL members. This figure includes the 19,317 new members added last school year.

For the third year in a row we finished with a financial surplus, the exact amount will not be known until the auditors are finished with their examination of the books. I take great pride in this accomplishment, particularly in light of the double digit inflation we all have experienced these last few years. NFL has not had a dues increase for members or schools during the last six years, even though the prices we pay for supplies and services continue to climb.

During this last school year I traveled over 40,000 miles visiting schools, tournaments and speech conventions, promoting, to the best of my ability, the goals of the National Forensic League. I will continue to travel as the need requires.

This last year 63 district chairmen were elected to help administer NFL in the local districts. The National Council election was also held. Mr. James Hawker, who had served on the NFL Council for 24 years and Mr. Ed Brower who had served for 7 years did not seek re-election. Mrs. Phyllis Barton of Princeton High School, Ohio and Mr. Donus Roberts of Watertown High School, South Dakota were elected to replace these two fine men. We all owe much to all our past council members and I feel certain our new members will add their knowledge and understanding to the national council work.

I have enjoyed these last three years as your Executive Secretary. They have been challenging and rewarding years. I look forward to working with each of you this coming year. If we all continue to work together as we have these past three years, speech education will grow stronger and we will all be the better, because we certainly will have helped to train thousands of young men and women to become the leaders of tomorrow.

**Dennis Winfield**  
Executive Secretary

## Lincoln-Douglas Debate Topics

1. That there is no meaningful difference between the Republican and Democratic parties.
2. That extra-curricular activities are the most valuable part of a student's high school education.
3. That the four day work week would enhance the quality of life in the United States.
4. Honesty is more important than friendship.
5. The life of an unborn fetus is more valuable than the mother.
6. Capitalism is superior to communism.
7. Capital punishment is morally wrong.

These are suggested topics for tournaments during the first semester. In January we will release the topic for NFL District Tournaments. In late April or early May the National Tournament topic will be released.

## Minutes of Executive Council Meeting June 16, 1980 Huntsville-Hilton Huntsville, Alabama

Present: Carmendale Fernandes, President; James Copeland, Vice President; Edwin Brower; James Hawker; Frank Sferra; Brother Rene Sterner, FSC; Ronald Last; H. B. Mitchell and Dennis Winfield. Mr. Winfield did not vote on any of the motions.

Phyllis Barton and Donus Roberts, newly elected members of the Council were invited to attend the meeting.

Moved and seconded that the Council send to the chapters for ratification and the adoption of No. 2 on the election survey which was a direct election. Motion defeated. Noes: Fernandes, Sterner, Copeland, Hawker, Mitchell, Last and Brower. Ayes: Sferra.

Election procedure will remain the same.

Moved and seconded that Mr. Winfield reapportion the district quotas in such a way that the maximum entry per school is 16 and the minimum entry per school is 6 for district tournament apportionment purpose. Carried unanimously.

The number of entries required in each event to qualify that event for the national tournament will remain as is.

10 teams in debate

12 entries in LD, OO, DI, HI, BE, CE

12 schools in congress to send two students to the national congress.

8 schools in congress to send one student to the national congress.

Moved and seconded that the National Forensic League assumes no responsibility for the payment of royalties or other fees connected in the performance of any material in any contest at its district or national tournaments. Carried unanimously.

Mr. Sam Gregory of Gregory Insurance, Fort Wayne, Indiana appeared before the Council to present a program of offering inexpensive term insurance to NFL students. Moved and seconded that Mr. Winfield go ahead with this program. Carried unanimously. It is up to Mr. Winfield how NFL is to set this up.

Mr. Rich Lindstrum of the University of San Francisco appeared before the Executive Council to give further information on the 1982 national tournament scheduled to be held at the University of San Francisco on June 20-25, 1982.

It was suggested that in addition to the district chairman having the responsibility of getting congress bills in to the national office by May 1, we should add that if the chairman wishes, this responsibility can be given to the student who is elected to attend the national congress.

It was decided to publish the topics for Lincoln-Douglas debate as

follows: Several topics will be suggested in the September *Rostrum*. In the January *Rostrum* the topic for the district tournaments will be published. In May the topic for the national tournament will be published.

The rule regarding no cross over in the two debate areas at district tournament and national tournament should be changed to add "the same year," so that if a student participates in Lincoln-Douglas debate one year, that does not keep him from participating in two-man cross examination debate the next school year.

Moved and seconded that the district debate rules regarding the drawing of byes be changed as follows:

1. In the first two rounds, if there is an uneven number of teams, the byes shall be given to a different school in each round. (no change from present).

2. In round 3 and other rounds until there are less than 4 teams left, byes shall be given to teams who have lost to undefeated teams.

3. No team may have more than one bye unless only 3 teams remain. At that point an undefeated team must get a bye.

4. If there are only 3 teams remaining, draw the bye from undefeated teams not having a bye. If only one undefeated team remains, it must get the bye.

Carried unanimously.

Moved and seconded that the following changes be made in the national debate rules regarding byes:

At the national tournament should there be 7 teams remaining in debate with one undefeated team or 5 teams remaining in debate with one undefeated team, the bye shall be automatically assigned in all cases to the undefeated team, even if they have already had a bye. Carried. All ayes except Mr. Sferra voted no.

The Council had a discussion regarding the use of dormitories at the 1981 and 1982 tournaments. It was suggested that the people in charge of the dormitories have a statement ready for any students staying at the dorms, stating that any damage done to the dorms will be the responsibility of that student.

Mr. Ronald Last presented a letter from Richard Spady. This was referred to the November meeting on unanimous motion.

Motion made and seconded that consideration of a move of the NFL offices from Ripon should not be given without recommendation of the Executive Secretary. Carried unanimously.

Council passed unanimous vote of thanks to Mr. James Hawker and Mr. Edwin Brower for the time, effort and devoted service they have given to NFL.

Motion made and seconded that the meeting be adjourned. Carried unanimously.

The National Forensic League is pleased to announce the publication of the second authoritative, authorized:

## N.F.L. DEBATE HANDBOOK

In recent years the National Forensic League has viewed with some distress the increasing proliferation of debate handbooks on the national and local scenes. Debaters and coaches are confronted with a bewildering array of handbooks, sourcebooks, and other publications — all sold at substantial cost to the student or his school. It is, therefore, the aim of the N.F.L. to provide one comprehensive analytical and evidential foundation for student and teacher alike to approach the 1980-1981 debate season. Of course, we do not seek to supplant the individual research efforts of student and coach; only to assist and supplement them. To those ends, specific features of the *N.F.L. Debate Handbook* will include:

- (1) 3,000 to 3,200 individual, numbered pieces of evidence, all thoroughly cited. All evidence will be printed upon only one side of the pager. It will be drawn from recent, expert, and difficult-to-obtain sources, and reflect research conducted in numerous official national and international agencies as well as leading university libraries in Washington, D.C.; Cambridge, Massachusetts; and Lawrence, Kansas.
- (2) In order to assure absolute accuracy a xeroxed copy of the original source of every piece of evidence will be kept on file at the N.F.L. National Office in a numbered order corresponding to that of the *Handbook*.
- (3) A comprehensive detailed analysis of the Official Problem Area for the 1980-1981 competitive year as selected by the N.U.E.A.
- (4) All of the evidential and analytical work appearing in the *N.F.L. Debate Handbook* will be the product of outstanding professional educators and debaters at the collegiate levels. The direction of the entire project will be to provide each student with a thorough, basic understanding of the issues which are involved in the complex fields of consumer product safety. In addition, the *Handbook* aims to offer its readers the definite competitive advantages which can only be obtained through relevant, recent, and respected evidence.
- (5) An early publication date of June 15, 1980 means that the *Handbook* can reach students and coaches at a convenient time.
- (6) Unlike all other handbooks, purchase of the *N.F.L. Debate Handbook* provides students and coaches alike with an important opportunity to contribute to the financial welfare of the National Forensic League. For each copy of the *N.F.L. Debate Handbook* sold, the N.F.L. will receive a significant royalty payment to further its educational

The National Forensic League is pleased to announce the publication of the second authoritative, authorized:
