

2020 Board of Directors Election Official Results

A total of 926 NSDA chapters cast a ballot for the National Board of Directors. (Note: Each school was allowed to vote for up to four candidates. All active school chapters count as one vote.) The four individuals receiving the highest number of total votes will receive seats on the Board beginning August 1, 2020. Each will serve a four-year term ending July 31, 2024. The remaining candidates will be alternates. If an elected Board position should become vacant prior to the next election, alternates, in order of finish, will be invited to the seat.
