National Speech & Debate Association Announces 2022-2023 Club Awards

These high schools are ranked among the top speech and debate members.

DES MOINES – The National Speech & Debate Association is proud to announce Club Awards for more than 600 schools. Club awards are awarded to schools who meet a certain threshold of strength points.

“Our Club Award winners show an incredible commitment to this activity, their students, and their success,” said J. Scott Wunn, Executive Director of the National Speech & Debate Association. “These programs demonstrate outstanding commitment to teaching students essential life skills—including communication, research, listening, writing, and organization.”

Strength points are calculated based on student and coach achievements in competition and service. For each degree a student receives, they also earn one strength point. A school’s strength is the sum of each student’s strength plus the strength of up to three coaches. Learn more at www.speechanddebate.org/school-recognition.

The National Speech & Debate Association is the authority on public speaking and debate in the United States. The Association builds the infrastructure for speech and debate competitions around the world by providing topics, educational resources, and training for students and coaches. For nearly 100 years, the National Speech & Debate Association has built a platform

for youth voices that culminates in the National Tournament, the largest academic competition in the world. For more information, visit www.speechanddebate.org.
