SPRINGBOARD SERIES

PROGRAM DESCRIPTION

The Springboard Series creates FREE, online, after-school speech and debate opportunities for all high school and middle school students across the nation. Thanks to the generosity of The Julia Burke Foundation, the National Speech & Debate Association has been offering the Springboard Series since 2020, and will continue to offer it again for the 2023-2024 school year.

Through the Springboard Series, the NSDA aims to fill a void created by the pandemic to provide experienced and novice students alike with free virtual access to speech and debate. Springboard provides high school and middle school students with an avenue to critically think through problems, collaborate on creative solutions, and communicate effectively against injustices.

In addition to providing students with free practice opportunities, Springboard is a wonderful way for coaches, advisors, administrators, and supporters to build and foster a healthy speech and debate team, and avoid judge and coach burnout. In 2022-2023, the NSDA offered 24 free competition opportunities to students—reaching 2,620 unique students and 404 schools across the nation.

Throughout the speech and debate season, there are four Springboard events per month. Then in April, Springboard offers a Last-Chance Qualifier which gives students a chance to qualify for the National Speech & Debate Tournament—the largest competition in the country!

The Julia Burke Foundation was established in memory of Julia Burke, a young woman of substance with a passion for debate. We are proud to partner with The Julia Burke Foundation to offer these opportunities in Julia's memory and increase access for all to speech and debate.

QUOTE

"There is no way our students could have competed any other way. Many of our parents do not have the financial ability to pay for their child to compete. This was their first chance to compete, and although they struggled, they learned a lot. By giving them this opportunity, the Foundation provided a stepping stone to a new experience. I believe our students will become leaders of our community in the future, the experience of debating and public speaking will best equip them for this." — Michelle, Coach
