**National Speech & Debate Association Announces
Speaking and Service Award Winners**

West Des Moines, IA (October, 2026) — The National Speech & Debate Association (NSDA) is proud to announce the student winners of the national Speaking and Service Award.

From more than 100,000 student members, the following individuals are being recognized for their service in the NSDA Honor Society for the 2025-2026 school year.

The NSDA Honor Society recognizes students for participation in speech and debate activities. Students earn service points and levels of distinction through participation in speech and debate competitions, community service, leadership activities, public speaking, and more. Winners of the Speaking and Service Award earned 200 service points in the Honor Society last year, the maximum number possible per year.

“These students have demonstrated an exceptional commitment to their teams, schools, and communities,” said J. Scott Wunn, Executive Director of the National Speech & Debate Association. “They are using their voices to make a difference, lead by example, and inspire those around them. We are proud to recognize their accomplishments and the impact they are already making as young leaders.”

Congratulations to the 2025-2026 Speaking and Service Award winners!
(Students are listed alphabetically by state, then school, then last name.)

Name	School Name	State
Wayne Barnum	Alaska Middle College Seawolf Debate	AK

About the National Speech & Debate Association

The National Speech & Debate Association is the authority on public speaking and debate in the United States. The Association builds the infrastructure for speech and debate competitions around the world by providing topics, educational resources, and training for students and coaches. For over 100 years, the National Speech & Debate Association has built a platform for youth voices that culminates in the National Tournament, the largest academic competition in the world. For more information, visit www.speechanddebate.org.
