NSDA Announces Club Award Winning Schools
2025-2026 National Award Winning Schools

West Des Moines, IA (November 2026) — The National Speech & Debate Association (NSDA) is proud to recognize Club Award winning schools for the 2025-2026 school year!

Each year, the NSDA presents **Club Awards** to recognize speech and debate programs that demonstrate a strong commitment to developing essential life skills, including communication, research, listening, and writing. Club Award levels are determined by the number of strength points and achievements a school earns during the academic year.

Students and coaches earn points and degrees in the NSDA Honor Society through competitive speech and debate participation, community service, leadership roles, volunteering, and other activities. The Honor Society provides students with an opportunity to showcase their talents, skills, dedication, and contributions to their schools and communities.

“Speech and debate is a critical activity that underpins all educational goals,” said J. Scott Wunn, Executive Director of the National Speech & Debate Association. “We believe every school should have a speech and debate program, and we are proud to recognize these schools for their dedication to this life-changing activity.”

Congratulations to the 2025-2026 award winning schools!

(Schools are listed in rank order by strength. A school's total strength combines the top three active, paid coach degrees plus all the active, paid student degrees.)

School	State	Club Award	Strength
The Bronx High School Of Science	NY	Millenium Club	1294

About the National Speech & Debate Association
The National Speech & Debate Association is the authority on public speaking and debate in the United States. The Association builds the infrastructure for speech and debate competitions around the world by providing topics, educational resources, and training for students and coaches. For more than 100 years, the National Speech & Debate Association has built a platform for youth voices that culminates in the National Tournament, the largest academic competition in the world. For more information, visit www.speechanddebate.org.
