## A Resolution to Apologize to Haiti

1   **WHEREAS** The U.S. occupation of Haiti, which lasted from 1915 until 1934, resulted in the deaths,  
2                   torture, and forced servitude of thousands of Haitians, all in the shameful name of U.S.  
3                   economic interests; and

4   **WHEREAS** The impacts of U.S. actions in Haiti during this time period have continued to harm that  
5                   nation to this day; and

6   **WHEREAS** Many other U.S. policies before and since the aforementioned occupation have impacted  
7                   Haiti negatively, contributing to its status as the most impoverished nation in the Western  
8                   hemisphere; now, therefore be it

9   **RESOLVED** by the Congress here assembled that this body apologizes sincerely and profoundly to Haiti  
10                  and the Haitian people for our nation's selfish actions in and concerning that republic, and  
11                  for the ongoing pain and suffering those actions have caused; and be it

12   **FURTHER RESOLVED** that Congress shall investigate taking more substantive actions to mitigate our  
13                  nation's past wrongs and to help Haiti and the Haitian people rise out of poverty and attain  
14                  a higher quality of life; and be it

15   **FURTHER RESOLVED** that Congress strongly encourages other nations whose policies have had adverse  
16                  impacts on Haiti, France in particular, to pursue similar measures of their own.

## **A Resolution to Condemn Lotteries**

- 1   **WHEREAS** The funding benefits resulting from lotteries are often of questionable necessity and ethical  
2                   rectitude; and
- 3   **WHEREAS** Lotteries cause disproportionate economic hardship for those who are already economically  
4                   disadvantaged, often to the benefit of the economically fortunate; and
- 5   **WHEREAS** The widespread existence of lotteries is hypocritical, as it stands in stark contrast to the  
6                   negative opinions a great portion of the US population holds toward gambling; now,  
7                   therefore be it
- 8   **RESOLVED** by the Congress here assembled that this body condemns the existence of state-sponsored  
9                   lotteries; and be it
- 10 **FURTHER RESOLVED** that Congress strongly encourages all jurisdictions to dissolve their lotteries and  
11                   replace them with reformed, equitable tax codes as soon as practicable.

## A Resolution to Reconsider Age Restrictions on Holding Federal Office

- 1   **WHEREAS** There have been no adjustments to the age restrictions the Constitution places on federal  
2                   office since the nation's founding; and
- 3   **WHEREAS** Our understanding of age and its impacts on human behavior have developed considerably  
4                   in that time; now, therefore be it
- 5   **RESOLVED** by the Congress here assembled that the age restrictions the Constitution places on holding  
6                   the offices of President, Senator, and Representative ought to be examined and  
7                   reconsidered; and be it
- 8   **FURTHER RESOLVED** that a constitutional amendment adjusting or removing these restrictions ought  
9                   to be entertained and ratified if appropriate; and be it
- 10 **FURTHER RESOLVED** that states and other jurisdictions that place age restrictions on any political office  
11                   should follow suit.
