rostrum

Volume XXXIII

No. 2

October 1958

THE ROSTRUM

Official Publication of the
National Forensic League

EDITOR

JACK QUITTER

1615 SOUTH SUMMIT AVENUE
SIOUX FALLS, SOUTH DAKOTA

Published monthly from September to May in the interests of extended and improved speech activities in America's high schools.

Subscription Prices

\$1 per year 50c for additional copies

Entered as second-class matter at the post office at Ripon, Wisconsin, under the act of August 24, 1912.

Rostrum Editor Named

Named to the editorship of the NFL *Rostrum* was Jack Quitter, a senior at Washington Senior High School, host to the 1958 National Speech Tournament. Jack will serve as editor of the magazine for the school year during which time nine issues are published.

Jack was a member of the Washington High debate squad which participated in the National Tourney. He was appointed editor of the South Dakota Boys State paper and was named Outstanding Journalist by his advisors and colleagues. At school he serves as sports editor of the "Orange and Black," which has received All-American ratings in journalism every year.

He is ranked high in his class scholastically, is Vice President of the NFL Chapter, treasurer of the student body, was a candidate for student council president and is vice-president of the Hi-Y club. Jack has been a member of the student council and president of his homeroom for four years and also placed fifth in the State NFL Extemp meet.

The Editor's Notebook

With the beginning of the contest season upon us and debate tourney time just around the corner, the Editor would appreciate any information concerning tournaments, personalities, etc., which would be of interest.

* * *

It would be an excellent rule to be observed in all discussions that men should give soft words and hard arguments; that they should not so much strive to silence or to vex, as to convince his opponents.

—WILKINS

THE COVER

Who can look far into the future and see who will make the 1959 National Debate Champions or for that matter, as in the case of our young friends on the front page, possibly the National Champions of 1970 in either debate, extemp or possibly oratory.

National Officers Re-Elected

In the biennial election of national officers last May, three of the incumbents were re-elected and L. D. Hanks of John Marshall High School in Los Angeles was returned to the Council post he held from 1954 to 1956. Mr. E. J. Diller of Chaney High School in Youngstown, Ohio, was retired after serving on the national board for eight years.

The chapters cast ballots representing 26,427 of the 34,500 votes eligible to be cast on May 25, the closing date for the balloting. That is 76%.

The ballots were counted as prescribed in Regulation No. 9. If no candidate had a majority, the one with fewest votes was eliminated and his ballots were distributed to the second choice indicated on them. This process was repeated until one did get a majority vote. As soon as a person was elected his votes for other offices were counted for the next choice marked on those ballots.

In the following listings the successive columns show the number of votes after each step in the counting process:

NATIONAL PRESIDENT

Karl E. Mundt	20,662
L. D. Hanks	1,924
R. J. Happe	1,460
J. Edmund Mayer	953
James F. Hawker	802
E. J. Diller	686

Senator Karl E. Mundt, having a majority of all votes cast, was declared elected National President, an office he has held since 1933. His ballots were then distributed according to second choice indicated, with this result:

NATIONAL VICE-PRESIDENT

Mayer	10,231	10,387	11,155
Diller	6,406	6,822	7,603
Hanks	4,442	5,946	7,661
Happe	2,691	3,264	
Hawker	2,658		

On the final count, J. Edmund Mayer was elected with 13,219 votes over L. D. Hanks with 13,031. Mr. Mayer has served as Vice-President since 1950.

The ballots were again re-distributed and produced the following results for the directorships:

NATIONAL DIRECTOR

Hanks	8,714	11,137	15,540
Diller	7,850	8,945	10,833
Happe	5,146	6,323	
Hawker	4,704		

NATIONAL DIRECTOR

Diller	10,390	12,456
Hawker	8,782	13,897
Happe	7,242	

L. D. Hanks and James F. Hawker were declared elected national directors. Each has served a previous two-year term.

Three other officers are elected by the Council: Supt. L. J. Smith, Prin. Donald F. Piper and Secretary Bruno E. Jacob. Their terms expire next year.

Amendment Ratified

An amendment to the constitution to start giving extra votes on attaining 400 points instead of 300 was approved by 21,892 Yes votes to 4,318 No. It became effective July 1.

Diamond Key coaches cast ten votes whether they have one, two or three diamonds.

Annual Membership Report

The following pages contain a lot of interesting information about NFL Chapters, yours in particular.

In each district the chapters are listed in the order in which they now rank toward the Leading Chapter Award. Those marked # will receive that award this year. Those with year numerals such as ('54) received the award in the year or years indicated. When a chapter received the award its membership total is set back to zero and it starts over again to earn its next award. A presentation is made annually in districts of 25 chapters, less frequently in smaller districts.

The second column shows the rank or place your chapter held in the district last year. Normally a good chapter should advance at least one place closer to the top each year. It is astonishing how many places some chapters do move forward following an active season.

The column marked "new" indicates the number of members and degrees added by the chapter last year. Extra votes for high point totals are not counted here. The 139 shown for Johnstown Catholic and 132 for Coral Gables are not typographical errors. These schools actually added that many members and degrees last year.

The last column shows the total number of members and degrees for each chapter since its founding or since it received a Leading Chapter Award. This is the basis for naming the 24 Leading Chap-

ters for 1958. The Secretary will present these awards at these schools during October and November.

More than half the chapters — 404 to be exact — enrolled more members and degrees than they did a year ago. In 1957 142 chapters gained over the previous year. The average enrollment went up from 19.8 to 21.7 in spite of the fact that 91 chapters were wholly inactive.

Before membership and degree requirements were raised, the average enrollment per chapter was 23.1 in 1954 and 24.6 in 1955.

During the year our district committees granted 78 charters and renewed the charters for six chapters whose membership had expired. At the same time 50 chapters failing to meet charter renewal requirements were dropped from our roster. The net gain of 34 schools brought NFL to 800 chapters in April and left us with 762 at the start of the new school year.

Look over the following pages critically. Compare the record of your school with the record of others, particularly those in your competitive circle. If the record is a good one, keep it that way. If it is not favorable and reflects undeveloped opportunities, set plans afoot for improving that record during the year just beginning so that the report for 1959 will reflect a year of growth, not only in membership attainment but more particularly in the development of the leadership potential of the boys and girls in your charge.

**INTRODUCED JUST LAST YEAR—
AND ALREADY IN USE IN OVER 700 SCHOOLS!**

DISCUSSION AND DEBATE

A high school text by Buys, Kendall and Murphy

Written by three authorities in the field, this 58-59 edition is complete with material on Educational Systems, and contains a complete sample debate on this year's topic by high school students.

Covers the Subject

Contains: Introduction, Surveying the Problem, Gathering and Organizing Information, Tools of Reasoning, Evaluating Possible Solutions, Techniques of Group Discussion, Rules and Language of Debate, Building Affirmative Cases, Building Negative Cases, Presenting the Debate Cases, Techniques of Refutation and Rebuttal, Ethics

and Behavior in Discussion and Debate.

Never Goes Out of Date

Loose-leaf, 8½x11 manual form, so you can rearrange material to fit your individual teaching technique if you wish. Each chapter followed by supplement based on current year's official forensic topics. Supplements issued annually. Replace old supplement, and text becomes new again. (Ideal companion for the Complete Handbook, below, or may be used alone.)

165 pages. 1 copy, \$3.75
Additional copies, \$2.65

Most up-to-date source book on this year's topic

Complete Handbook on Educational Systems

British, French, Russian systems, each covered thoroughly. Everything you need to discuss and debate this year's official topics. Hundreds of up-to-the-minute facts and statements from the world's foremost authorities. History and discussion of all three educational

systems, detailed analysis for debate on each topic, affirmative and negative survey outlines and evidence for all three topics. Who's Who of authorities. Index.

Over 200 pages, 8½x11, offset.
1 copy, \$3.25.
Additional copies, \$2.00.

Order copies of either book or both today!
