General Questions:

What was the problem statement?

What was the AGD? Did they utilize their AGD throughout the speech?

Which framework did they use to present the cause and effect? (i.e. did they do cause and effect for each paragraph or point or did they do all the causes and then list the effect on society separately)

What evidence did they use to prove their arguments.? (i.e. stats, personal story, current events, studies, etc...) List at least three examples below.

What solutions did they provide to solve the problem statement?
