### Your Chapter Standing

There is real significance in the chapter standing compiled each year. That is why most of this issue of The Rostrum is devoted to it. This record constitutes an important index of two attributes of a good chapter. It marks the chapter which maintains extensive programs of speech activity, for without such program they cannot qualify many students for membership and degrees. It also marks those chapters which take an active interest in the League and in the advancement of their own members.

To the chapters now near the bottom of their groups a special word of encouragement is addressed. Last place offers greater opportunity for advancement than any other position. Rapid advance is really easier, too, once you determine to and start to advance. The enrollment of just a few more members and degrees will send such chapter up five or ten places. Just for the fun of it, turn to the record and see how many chapters would have advanced significantly had they enrolled five more degrees last year.

The way to advance the standing of your chapter has often been stated, but bears repeating. Plan and carry through as extensive a speech program as local circumstances allow—and don't underestimate those circumstances. Enroll every qualified member as soon as he qualifies. Twenty points are now required for membership and if a student earns them fairly he is entitled to his certificate. Finally, procure all advanced degrees. This will be easy since the fees for Excellence and Distinction will have been removed by the time you get this Rostrum.

Look at your chapter standing again. Are you satisfied with it? If not, then mark the place in red ink where you want the Chapter to be next year and clip that page to your bulletin board as a reminder of the goal you have set. The increased enthusiasm permeating your entire speech program resulting from the attainment of this goal will be worth many times the slight cost and effort. And if now in first or second place, look well after your honors, for where are some of the leaders of yesteryear who did not!

## Chapter Membership Record

The annual record of chapters is here published to show to what extent each is really active in speech contests and in the work of the League. It lists the total number of members and degrees enrolled by each chapter since its founding. For purposes of equitable comparison the chapters are grouped according to the years of League membership.

The figure in the first column denotes the rank within the group. The next figure indicates the change up or down since last year. The final figure denotes the total number of members and degrees enrolled up to June 30, 1938.

### Large Membership Last Year

While the addition of members and degrees should not be the first nor only purpose of a chapter, the achievement of a substantial increase does indicate an extensive program in speech activity necessary to qualify those members as well as an enthusiastic interest in the League organization. We accordingly honor the chapters listed on the next page for adding the indicated number of members and degrees during 1937-8 school year.

Is **your** Chapter on on the NFL 1938 Honor Roll? If not, what plans are you going to make to put it there in 1939?

### Results of National Election

An election board consisting of Mr. Ralph N. Schmidt, Wisconsin District Chairman, your secretary, and his assistant, Mrs. Eugene Zander, canvassed the ballots cast in the recent election and certify the following results:

#### For First National Director

L. D. Schreiber	1467	1503	1554	1805	1958	2672
Levi Osterhus	862	933	948	1092	1816	1992

Ralph N. Schmidt	518	533	808	1008		
W. Francis English	481	523				
E. E. Bradley	337					

The candidate with the lowest number of votes was eliminated and his ballots transferred to the next choice indicated thereon.

Mr. Schreiber having been elected, his ballots were counted for the second choice candidates marked on them and the procedure continued as above.

#### For Second National Director

C. C. Diettert	1402	1488	1633	1805	2472
Levi Osterhus	1229	1301	1649	2023	2438

## NFL Costs Reduced

### Council Votes to Remove Two Degree Fees Secretary Negotiates Lower Insignia Prices

A modest surplus in the operating income of the League during each of the past two years has enabled the Council to take one more step to lower still further the nominal costs of NFL membership. It has voted to propose an amendment to the constitution eliminating the degree fee for the degrees of Excellence and Distinction. Ballots have been sent to all chapters and as the vote should be nearly unanimous, ratification can be assumed to be effective at the time this Rostrum is received. The fee of 50c for the Degree of Honor remains unchanged as that degree carries with it a subscription to the Rostrum.

#### Excellence and Distinction Will Be Recorded Without Application

With the passage of the amendment the national office will record the Degree of Excellence or Distinction for each member as soon as the necessary credit points are on record, provided, of course, that the Degree of Honor has been obtained previously. Chapters need no longer file applications for the two highest degrees, but are urged to file all applications for Degree of Honor promptly so that the other degrees for that member can thereafter be recorded immediately upon the acquisition of the needed credit points.

#### Lower Key Prices

Reductions ranging from 50c to \$1.00 in the prices of NFL student insignia have resulted from negotiations carried on by the national office this summer with the L. G.

Balfour company, official NFL manufacturing jeweler.

#### New Schedule of Prices

	Silver	Gold
Pin, miniature .....	\$1.25	\$3.25
Key, standard .....	1.25	.....
Key, special .....	2.00	3.75
Key with pin back....	1.75	4.50
Any jewel .....	.25	.25
Changing jewel and refinishing .....	.60	
Jeweling only .....	.35	

These prices allow the League a slight mark-up, the proceeds of which should cover the cost of shipping materials and postage.

#### Standard and Special Keys

The key listed as "special" is the one with which NFL members are familiar. It is three-piece, hand made and therefore more costly. For those desiring a lower priced item the "standard" key is now available. This is a one-piece die-struck key. In design it is the same as the other key, but is not as heavy.

#### Keys to Be Mailed from National Office

To effect part of this reduction the national office has undertaken the task of mailing the keys ordered. It will procure the keys in lots of 100 items from the manufacturer and fill orders as received. Gold keys will be sent direct from the manufacturer on order as heretofore.

The lower prices should enable chapters to supply insignia to nearly all of the members. Nevertheless members remain free as heretofore to purchase or not to purchase keys as they decide for themselves.
