THE LITTLE CITY THAT COULD

Like the little train engine in the fable, the city of Fayetteville; the surrounding communities of Hope Mills and Springlake; Cumberland County and the Cumberland County Schools, led by superintendent Dr. John Griffin and represented by principals Dr. Anthony Parker and James Surles; and the Tarheel '96 National Committee, led by host chair Jackie Foote, made doubting Thomases into believers as the largest National Tournament in history was arguably one of the best in history.

Superior organization, tireless volunteers, widespread community financial support, excellent publicity, meticulous planning, warm hospitality and a real spirit of welcome to incoming guests made the Tarheel '96 Nationals memorable in every respect.

Jackie and her gang hosted 200 debate teams, 213 Lincoln Life L/Ders, 372 extempers, 395 interpers, 171 duo teams, 201 orators and 354 members of the John C. Stennis Student Congress. 155 were double entries. 1128 coaches and judges were on hand as were assorted parents, former students, and volunteers from other parts of the Carolinas. The tournament used South View Senior and Middle Schools and South View Baptist Church.

Sunday Registration was the best ever. The huge exhibit hall at the Agri-Expo Center provided for two spacious lines and a large exhibit area for vendors, refreshments, and relaxation.

An afternoon tour of Ft. Bragg showed visitors the same special demonstrations reserved for top government officials.

The Opening Assembly featured music, speaking and awards as the audience was captured by the 87th Chorus' pop tunes and mesmerized by Emmy and Oscar winning actor Cliff Robertson. A declamation by "Patrick Henry", diamond awards and music from the 87th Band completed the excellent show.

A string quartet on a parquet floor, door prizes and elegant *hors d'oeuvres* graced the coaches party while the kids rocked, rolled, and rapped at a student party nearby.

The tournament was dedicated to Marilyn Hageman, longtime NFL official who is retiring after over 30 years of service. Sunday Frank Sferra presented her a gift of almost \$3,800 and a scrapbook of letters and cards from NFL coaches.

Monday and Tuesday were quite smooth under the new, "split", two building, schedule. Despite a shortage of policy debate judges and

a late start Tuesday (lightning hit a power transformer on the school roof Monday evening and blew out the lights and the air conditioning), the tournament ended earlier than ever.

Dr. Anthony Parker and his building crew were especially effective in restoring power and keeping delay to a minimum. Monday evening saw the induction of five new members of the Hall of Fame. Larry Smith's acceptance speech will be long remembered.

Wednesday opened with elim rounds starting in all categories and supplemental events for eliminated students. That night was a free City Party with music, refreshments, and fun.

Thursday night was the tournament social highlight: a Carolina Pig Pickin'-a bar-b-que supper-and a minor league baseball game featuring the Fayetteville Generals.

The John C. Stennis National Student Congress, the largest ever, took place at the Howard Johnson Plaza and the Holiday Inn Bordeaux. A new event this year was a Congressional Luncheon hosted for super session participants by sponsor Rex Buffington.

Finals Friday began with the first national final round in Duo Interp at 8:00A.M. and proceeded with other finals including the special Paralympic topic L/D final round. The last final round-debate-began at 7:20 P.M. and a splashy awards assembly started two hours later. Phillips Petroleum again furnished elegant awards.

NFL students and teachers were again glad to welcome back President Jon Boscia and a number of top Lincoln Life executives. Lincoln Life provided tournament publicity, L/D awards and scholarships, and hosted an L/D Reception Friday evening. NFL welcomed our friends Joan, Paul, and Linda from PER and ASPA and Jim Elson from Patrick Henry and Rex from Stennis. New this year was PHMFWA president Linda Morris, DACOR representative Ambassador Jack Kubisch, and Paralympic CEO Andy Fleming.

It is impossible to too highly commend the Tarheel '96 Committee. Mayors Deaver and Dawkins, CVB CEO Traub, the superintendent and principals, Gail Riddle, Andrew West, Ellen Bray, Don and Michelle Lourcey, Susan Porter, Anna Kennedy, Franzetta Grandison, Bobby Dixon, Joanna Smith, Barbara Miller, Todd Richmond, Mary Mac Shields, and Catherine Johnston worked long and hard to create a fine tournament. And Jackie Foote! Her dream was made reality by her work. The little city that could, did!

PRESIDENT'S PAGE

L. D. Naegelin

policy teams solve our judge problem? What can NFL do to insure quality Lincoln-Douglas topics and when would these topics be released? Should the point structure be enlarged again so students don't max out before their senior year? Should duo become a permanent event? If so, should district quotas be increased to allow for the new event? Is it time to create a new Phillips Performance Team Award? How can NFL assist member schools in the area of curriculum? And what can we as a national organization do to better promote forensics and speech education? These are just some of the questions the Council will face at our meeting in Minneapolis the last weekend in September, a time we will also be looking over the site for Nationals '97.

Serving speech programs of every size in every state as well as Guam is not an easy task. Hoping to please even a large majority of them has become next to impossible because needs and expectations vary widely. Seeking input, the Council has attempted surveys. These have supplied helpful but mixed and rather limited response. A district chairs' meeting in Fayetteville followed in early August by a Phillips Petroleum Co. sponsored Conference in Colorado have provided additional venues for the membership to offer direction. But after everyone has been afforded an opportunity to have a say, the nine Council members -- with the assistance of our Executive Secretary -- have to sort through the ideas, discuss them, and then act. (With that we could come to quick agreement, but our views vary widely, too. Crafting policy is demanding business requiring creativity, coordination, and compromise.)

Because of the shortage of policy judges experienced at the last three Nationals, responding to that problem must be a chief concern this fall. Just to have sufficient judges to guarantee three in each round at Fayetteville, not only did we need the 166 judges from schools with participating teams. We called upon every judge who indicated in any way he or she could hear a CX round. This pulled in over 169 coaches whose students were just in IE's, L/D, or Congress. If there was a policy judge card sent in,

Another year begins, another opportunity to address many of the old and continuing NFL concerns, along with a number of new ones. Should we go to two judges in preliminary rounds of policy debate at Nationals, or will increasing the judging demand on schools with

the computer assigned these individuals six to ten rounds of CX. In the process the Lincoln-Douglas judge pool was drained because those L/D judges who said they could evaluate both were assigned only CX. Necessity dictated, and luckily, flighted L/D rounds demand only half the judges needed for policy.

Objections came from a number of coaches who felt they were almost being abused because -- in their willingness to be helpful -- they had mailed in a policy judge card. There was logic in the complaints. Tournament logic, though, responds to tournament needs; so we pleaded for these judges to assist. For the sake of the students, they did. But with our promise that we would work for a real solution for '97. Likewise, at our fall meeting, we will also struggle toward real solutions to concerns about Lincoln-Douglas topic selection as well as each of the other problems mentioned earlier.

As we prepare for that meeting, we welcome your comment and proposals. Contact the National Office or any council member. (Call me at 210-804-7142, or fax your ideas to 210-804-7146. Written suggestions are preferred because copies can be made for all of us to peruse.) Let us know what you think about any NFL issues that concern you. We read every letter, examine every idea that comes our way. Finally, though, we have to decide. Our bottom line is finding the best option for the most programs. And our goal remains to keep the right balance between what we do to foster education and how we work to refine and support competitive forensics -- the laboratory of learning where our students hone their skills.

We are an organization in continual transition, forever struggling to find the most promising possibilities for our widely varied constituency. The Council depends on you for constructive suggestion. We will always listen. We can't, however, guarantee perfection on our part or 100% approval on yours. Our NFL is a work in progress. Help us, bear with us, and continue -- as we do -- to move NFL forward for each and every one of our students no matter what the event, where the program, or why the involvement in forensics.

We look forward to hearing from you throughout the year as we work with and for you in NFL.

Philosophy in Practice: Understanding Value Debate

Philosophy in Practice is a new kind of Lincoln-Douglas text for both debaters and coaches. Written by a college philosophy instructor, it explains the major philosophical theories and concepts in terms that are understandable to students at all levels, while remaining true to legitimate philosophical interpretations. This book provides authoritative insights into the real strengths and weaknesses of each theory, as well as practical strategies for attacking and defending these theories developed by an author who has experience as both an L-D debater and coach.

Material is presented in an easy to use outline format, and sections are identified as either novice, intermediate, or advanced — making this book accessible to new debaters and yet insightful for experienced debaters.

In addition to elucidating theories and concepts, the book also provides several chapters designed to teach new debaters, as well as chapters on the underlying theory of L-D.

No other Lincoln-Douglas text has ever done so much to contribute to a genuine understanding of the philosophical theories and concepts employed in this event.

PHILOSOPHY IN PRACTICE IS A MUST HAVE FOR ANYONE STUDYING LINCOLN-DOUGLAS DEBATE, AND THE PERFECT COMPANION TEXT TO JEFFERY WEISE'S LINCOLN-DOUGLAS DEBATE: VALUES IN CONFLICT.

Philosophy in Practice is available exclusively from Clark Publishing, Inc. To order the most thorough and insightful text on philosophical argumentation in Lincoln Douglas debate available, Call Clark Publishing Toll Free at:

Be Wary of Debate Publishers Who...

- **DON'T PROVIDE YEAR ROUND SERVICE FOR YOUR DEBATE NEEDS!** All NDRC members are degreed debate education professionals who have competed and coached at both the collegiate and high school levels! We are a full-time operation dedicated to giving you the best possible service. You can reach us by phone, e-mail, fax, or mail. Additionally, our information and order hotline is **TOLL FREE** for your convenience.
- **CHARGE MORE FOR LESS! VALUE is our bottom line!** We offer the best product at the best price. Our competitors will offer you less than half what we offer in our handbooks for the same price. A quality brochure does not equal a quality product.
- **OFFER COMPUTERIZED HANDBOOKS!** What they won't tell you is that most likely your computer is not capable of running the software necessary to use these programs. They require amounts of memory higher than what most high school computers possess. Additionally, there are hidden costs, such as your paper and ink costs to print the handbook.
- **TOUT THAT COLLEGE DEBATERS/COACHES RESEARCH THEIR HANDBOOKS!** Remember, college debaters and coaches must spend significant amounts of time researching college topics. This is why they frequently provide handbooks of poorly copied institute briefs, cards cut by high school students and college undergraduates, and random collections of articles.

THE LINCOLN-DOUGLAS GREAT PHILOSOPHER LIBRARY SERIES

The L-D Great Philosopher Library

The Lincoln-Douglas Great Philosopher Library Series provides separate, complete volumes on each of the ten most popular philosophers used in L. D. debate. Each volume contains a **complete edited version of the philosopher's most important work and an essay written by some of America's outstanding L.D. debaters and teachers explaining the philosophy and demonstrating in a clear easy-to-understand manner how to use the philosophy to win debates!**

SPECIAL FEATURES

- A complete text of the major original work of each philosopher.
- Clear explanation of the philosophy espoused by each philosopher.
- A focus on the world view of each philosopher: What is the nature of humankind? What is the nature of the good? What is the nature of truth?, etc.
- Application of each philosopher's ideas to fundamental American values.
- A guide for applying each philosopher's ideas to Lincoln-Douglas debate topics.
- Strategies for indicting and refuting each philosopher in a debate round.
- An easy-to-use method for utilizing each philosopher in structuring both the affirmative and negative cases.

SERIES I - PHILOSOPHERS

- Series I includes John Stuart Mill, John Locke, Jean-Jacques Rousseau, Thomas Hobbes and Immanuel Kant.

SERIES II - PHILOSOPHERS AND SPECIAL FEATURES

- Explanations on how to respond to each Series II philosopher ...from contemporary theorists, such as Rawls, Nozick and others.
- A Guide to using the philosophical theories, as well as attacking their use.
- Series II includes Plato, Aristotle, Thomas Aquinas, Edmund Burke and Henry David Thoreau.

Why the Lincoln-Douglas Library of Great Philosophers?

- **Greater student understanding:** Student has access to the complete essay. Reading isolated quotations leads to misunderstanding and confusion. Accompanying text guides the student in a correct understanding of the essay.
- **An excellent teaching tool:** Students can use the text and the essay as the basis for class discussions, reports, etc., in preparation for the actual debates.
- **Winning Debates:** The text applies the philosophy to the Lincoln-Douglas debate format in an easy-to-use way. Better debating is inevitable!

RCC intends to establish an electronic forum to encourage the exchange of techniques and research relevant to students, coaches and judges. as knowledge seekers our community can benefit from using the cyber-world to eliminate the effects of geographic isolation. a broader perspective will help further develop the skills of the speakers while also establishing a foundation for life long learning. the synergies created by more interaction among the members will propel the group to new levels of accomplishment.

the modest proposal

earn **free** computer equipment and **free** internet accounts by fundraising with rc communications.

rcc seeks interested speech teams who want to solicit internet subscriptions as a team fund-raiser during fall 1996.

the service

rcc has developed a unique internet service to meet the needs of the high school forensic community and their supporters. our service combines a quality feature set at an affordable rate. the monthly fee for unlimited internet access is only \$18.95. that's **5 - 50%** less per month than america on-line, compuserve or at&t.

with over 300 points-of-presence, a local phone call is all it takes to start surfing the 'net. customer service and technical support are available 24 hours a day to respond to your questions. plus, the system was designed for high speed performance.

features:

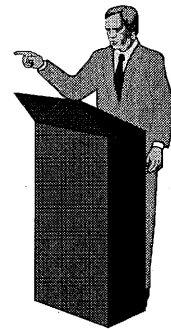

- easy to use e-mail service for keeping in touch
- 24 hour access to the world wide web (www)
- personalized news service
- frequent updates of forensic information
- hosted web site of debater.com
- unlimited access to usenet groups
- gopher & ftp access
- recommended browser - netscape navigator

the company

rc communications mission is to promote the development and use of public speaking skills. the company's principals are former nfl members and coaches who now work in the private sector. currently over 400,000 customers use the company's proprietary computer network to access the internet. as part of the company's on-going commitment to the forensic community a portion of each subscription will be contributed to the nfl.

fundraising benefits

as an incentive for generating subscriptions each team receives \$5 per subscription plus earn bonus awards* according to the following cumulative scale.

<u>subscribers</u>	<u>cash award</u>	<u>bonus award</u>
15+	\$ 75	free internet account
30+	\$ 150	+ free 28.8kps modem
45+	\$ 225	+ free multi-media computer w/ cd-rom, 17" monitor & speakers
60+	\$ 360	+ free phone line
80+	\$ 480	+ free laser printer
100+	\$ 700	+ free software collection
125+	\$ 875	+ free second multi-media computer

*note certain restrictions apply. subscribers must meet minimum use standards for programs to receive bonus awards. for complete details call for registration materials.

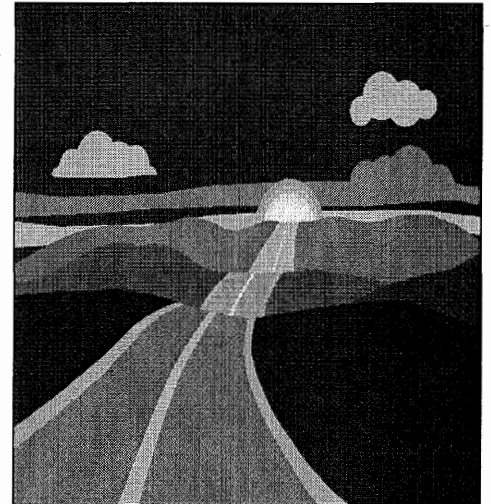

how to participate

participation is easy. our extensive preparation will make this fund-raiser a \$ucce\$\$ for your program. each kit contains all the information you need to immediately start enrolling subscribers: a getting started manual and computer disk are enclosed in a colorful 4"x4" envelope. these items allow anyone with a computer (ibm or mac type) to easily access the internet.

as part of the initial log-on process, each new user enters a credit card number for monthly billing. the enrollment fee of \$10 is collected by your team member and a portion is remitted to rcc. during the next 12 months over 6,000,000 americans will subscribe to the internet. now is the time to capitalize on this opportunity.

JUVENILE DELINQUENCY:

A Sociological Approach, Third Edition (1996)

Jack E. Bynum, Oklahoma State University

William E. Thompson, East Texas State University

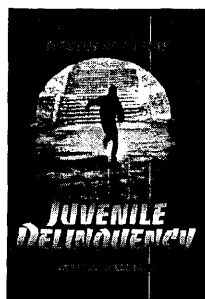

JUVENILE DELINQUENCY: A Sociological Approach is guided by the basic premise that juvenile delinquency is inherently social in nature and is part and product of the society in which it occurs. More specifically, this book examines delinquent behavior as it relates to and emerges from the youth's family, neighborhood, school, peer group, social class, and overall cultural experience.

JUVENILE DELINQUENCY

Fourth Edition (1997)

Clemens Bartollas, University of Northern Iowa

This new edition builds on the framework found in the first three editions by offering a comprehensive and contemporary analysis of juvenile delinquency in society. It examines the nature, extent, causes, environment, and connections of delinquency, and helps readers to gain a sociological understanding of delinquent behavior. The new edition includes greater coverage of drugs, guns, and gangs.

EXPLANATION

These results contain the round rank for each speech contestant and the round by round win-loss record of each debater through round 10. Advancement in Speech from round 6 to eliminations, round 8 to quarter finals, round 10 to semifinals and round 12 to finals is not always based upon ranks. If there is a question about advancement please consult the national tournament section of your chapter manual (See Section V, page TN3) or the tournament results booklet. These results are to help calculate NFL points. Speech rounds 11 and 12 are found on page 43. Debate Eliminations are listed on page 40.
