Online Regional FAQ

What's a Zoom?

Set up Zoom on your device

Requirements

- Internet connection
- Microphone
- Camera
- A Windows, Mac, iOS, Android, Blackberry, or Linux device

1. Find the Zoom App

- Mac and PC users: <https://zoom.us/support/download>
- iOS users: Apple [App Store](#) and search “zoom”
- Android users: visit [Google Play](#) and search “zoom”

2. Test your connection

- Make sure you can access Zoom from wherever you plan on judging.
- The Zoom Test Room can be accessed at <https://zoom.us/test>.
- If you have issues, the Zoom Support Center may have a quick answer.

3. Connect to your debate

- Follow the link in your reminder email, which you will receive 24 hours before the debate..
- Launch the app or visit the zoom website.

- Choose “Join a Meeting”.
- Choose “Join by computer Audio” or “Join by phone”
- Enter the room code and connect.
- If you need help a Reagan Education representative will be available in the waiting room. Or you can Ask for Help from your Break Out Room.

Here is a quick video review of how to [connect to Zoom](#).

Technology

How can I test if Zoom works on my computer or device before the debates?

Use their test site <https://zoom.us> to check compatibility and see if you need to download any tools to connect.

What if I have a question that is not on the FAQ Page?

Try zoom's support page ([link](#))

What operating system can I use with Zoom?

Operating Systems	Tablets/Mobile Devices	Browsers
<ul style="list-style-type: none">- Mac OS X with MacOS- 10.6.8 /(Snow Leopard or later)- Windows 10- Windows 8 or 8.1- Windows 7- Windows Vista (SP1 or later)- Windows XP (SP3 or later)	<ul style="list-style-type: none">- Surface PRO 2 running Win 8.1- Surface PRO 3 running Win 10- iOS and Android devices- Blackberry devices	Windows: <ul style="list-style-type: none">- IE7+- Firefox- Chrome- Safari5+ Mac: <ul style="list-style-type: none">- Safari5+- Firefox- Chrome

What is my online debate checklist?

- Computer
- Microphone (external or headset recommended)
- Camera
- Internet Connection

How do I stop the echo on our audio feed?

Most likely one of the following is occurring

1. A participant has both the computer and telephone audio active
2. Participants with computer or telephones speakers that are too close to each other
3. Multiple computer with active audio in the same conference room

Check out the [Zoom website](#) for solutions to each case
